A Safer TOMORROW, Begins TODAY!

DYNABOULDER™

DYNACUSHION™

ACTIVITY PRODUCTS™

PLAY PETS™

A complete line of safety surfacing options from the leader in surfacing since 1999.

DYNACUSHION™ WEAR MATS

The patented **DynaCushion Wear Mat™** is constructed of 100% recycled tire rubber, and is designed to eliminate erosion around playground equipment and kick out areas at all play structure exits. The **DynaCushion** has excellent shock absorbency characteristics with a certified 6 ft. fall height, therefore making it the best value in the industry.

SPECIFICATIONS

R20C4872 -	4'x6'x2"	-	192 lbs.
R20C4848 -	4'x4'x2"	-	128 lbs.
R20C4836 -	4'x3'x2"	-	96 lbs.
R20C4824 -	4'x2'x2"	-	64 lbs.

The DynaCushion provides you with durability, performance, and guaranteed impact attenuation.

DURABLE

No other wear mat can match the innovative design of the DynaCushion Wear Mat, stability, longevity, durability, and resistance to wear.

CERTIFICATION

DynaCushion Wear Mat is certified to meet ASTM requirements for impact attenuation.

**Fall Protection
Up to 6'**

**PERFORMANCE
WARRANTY**

DynaCushion Wear Mat is guaranteed to be in compliance with ASTM F1292-94 and F1951, designed to provide a new level of confidence and protection.

**PRODUCT
WARRANTY**

DynaCushion Wear Mats carry a 5 year limited product warranty against defective materials and manufactures workmanship of the product.

Physical Properties

<i>Test Description</i>	<i>Test Ref.</i>	<i>Results</i>
Wear Resistant	ASTM D3884	Passed
Slip Resistant	ASTM F-1677	Passed
Non Flammable	ASTM 2859	Passed
Non Toxic	ASTM 2075	Lead: Not Detected

You Know the Problem...

The ideal wear mat for under swingsets and slides. (high-traffic locations)

Easy to install, stays in place. No troublesome and costly cables, stakes, or concrete pads.

Meet the Solution

Meets (ATSM), (CPSC), and (ADA) requirements.

Maximum versatility. Use with loose fill systems or use alone to cover hard surfaces.

Features corrugated under-surface to provide shock absorbency.

DynaCushion™ Wear Mats

BEVELED

WEAR MAT

BEVELED SURFACE MATS

Beveled Surface mats are used under swings, slide exits, and anywhere stability, durable, longevity, and resilient surface is required. Meet ADA accessibility, ASTM requirement for impact attenuation, and CPSC requirements.

SPECIFICATIONS

TERMS AND CONDITIONS

Safety Considerations

Each of our product descriptions includes ground space dimensions.

- Ground space is the amount of space required for an assembled unit.

When planning the space requirements for your playground, give careful consideration to the ground space dimensions and the use zone area. It is vital, for safety, that the entire zone be covered with a soft resilient surface. See U.S. Consumer Product Safety Commission Guidelines.

Merchandise, as received by you, should be carefully checked against the Freight Bill to be sure delivery of all items has been made.

1. Count the shipment and inspect for damage. If shipment is not delivered to you in good order and in accordance with the quantity shown on the Freight Bill of Lading, please note the shortage or damage on the Freight Bill before you sign for the shipment. Please contact your Pierceton Rubber Products, Inc. sales representative to advise the company of the shortage or damage.
2. As soon as possible after delivery, open all cartons and inspect for concealed damage. If you do have shortages or damage in cartons, please contact your representative's office immediately so replacements can be made.
3. Do not throw away your copy of the Freight Bill. Any damaged or missing pieces not signed for as such on the Freight Bill of Lading will be replaced at the replacement cost, and freight charges will be charged to deliver the merchandise to your site.
4. Please note that the driver is obligated to bring your merchandise to the end of the trailer. It may then be advisable to have someone on hand to assist in unloading the merchandise. Unless a lift gate was requested on your purchase order to Pierceton Rubber Products, Inc.

Terms

Freight: F.O.B. factory. Freight charges will be prepaid and added to invoice unless otherwise agreed.

Terms: Net 30 days to established customers. One percent service charge per month on all accounts after 30 days.

Taxes: Added to invoice except when tax exempt certificate is provided.

Returned Merchandise: Please obtain our permission before returning merchandise. A 20% handling charge, in addition to freight charges, is made on returned product.

Installation Instructions: Contact your Pierceton Rubber Products, Inc. customer service representative.

WEIGHTS IN CATALOG ARE FOR THE ITEM ONLY AND DO NOT INCLUDE PACKAGING MATERIALS. THEREFORE TOTAL WEIGHTS WILL VARY AND WILL BE DETERMINED AFTER THE ORDER IS PACKAGED FOR SHIPPING.

SPECIFICATIONS WERE CORRECT AT THE TIME OF PUBLICATION. PIERCETON RUBBER PRODUCTS, INC. RESERVES THE RIGHT TO CHANGE PRICES, SPECIFICATIONS OR DISCONTINUE PRODUCT WITHOUT NOTICE.

The Right Play Surface

It is very important to never install playground equipment over a hard surface, such as asphalt or concrete. Falls onto hard surfaces can result in serious injury. We do not recommend grass as a surface for use under playground equipment. Grass is subject to wear and can become hard when compacted. For the sake of safety, select a surface which meets the U.S. Consumer Products Safety Commission guidelines for surfaces under play equipment as outlined in A Handbook for Public Playground Safety. For a copy of the handbook, write to:
